Skills

Javascript, Typescript, SQL, Postgres, Git, APIs, HTML, CSS, NestJs, NodeJs, MongoDB, Mongoose, ExpressJS, C, Docker, Python, Flask, Redis, Docker

Projects

E-commerce App

<https://github.com/Lecksikerm/E-commerce-Project>

Sep 2025 - Oct 2025

- Built and deployed a secure e-commerce API backend with **NestJS**, supporting real-time order processing and multi-role user access.
- Integrated **JWT-based authentication**, **transaction endpoints**, and **data validation** using class validators for seamless functionality.
- Enhanced application performance by structuring reusable services and leveraging **TypeORM relationships** to manage complex data models.

Job Board Platform

DEC 2025

https://github.com/Lecksikerm/CodeAlpha_Job-Board-Platform

- Built a full-stack job board using Node.js, Express, and MongoDB, enabling employers to post jobs and candidates to apply with secure resume uploads.
- Implemented role-based authentication and authorization, real-time notifications with Socket.IO, and job application status tracking.
- Developed an admin panel for user management and reporting, providing application analytics and actionable user insights.

Restaurant Management System

DEC 2025

https://github.com/Lecksikerm/CodeAlpha_Restaurant-management-system

- Developed a backend system using Node.js, Express.js, TypeORM, and PostgreSQL to manage orders, tables, reservations, and inventory.
- Designed RESTful APIs with Swagger documentation to support easy integration, testing, and collaboration with frontend teams.
- Implemented automated order tracking and inventory management with validated inputs and centralized error handling to ensure reliable restaurant operations.

Work Experience

Trailblazer Islamic School

Sept 2022 - July 2024

Science Subject Teacher

- Taught Mathematics, Chemistry, and Physics to junior and senior secondary students, fostering curiosity and strong analytical skills.
- Conducted laboratory demonstrations and experiments, ensuring adherence to safety procedures and hands-on understanding of scientific concepts.

Education

ALX Professional Foundation
Professional Development Skills

Aug 2025 – Dec 2025

Osun State College of Technology Esa-Oke
HND, Civil Engineering

Jan 2021 - Oct 2023
